

Status Report 1

Jenna Bath

SECTION I

Goals from last week.

- Not applicable for Status Report 1.

SECTION II

Progress I've made this week: what I did, what worked, what I learned, where I had trouble, and where I am stuck.

- I met with my group in class and helped make decisions
- I tried to work on Tuesday's assignment in class but ran into multiple errors in git
- I'm stuck on linking my git to github repository
- I did not start Thursday's assignment because I figured it would be best to finish Tuesday's first, to go in order.
- I worked more with my group members and contributed to the Trello board

SECTION III

Goals for this coming week.

- Watch the videos for this week's prep work and complete the paragraph associated with it
- Talk with my group more about the project and what progress we should make on it
- Finish assignments
- Keep sane

SECTION IV

Agenda for meeting with our Instructional Team:

1. Go over with the team to see what we should all be doing
2. Look at each other's schedules to see if we need to meet up
3. Meet with the TA and ask questions about the project and tokens
